

Shamanic Dream Stones

Shamanic Dream Crystals/Stones (Lodolite) are usually used for enhancing daydreaming & Shamanic divining. Shamans have also been known to use these guys for vision quests & to bring about healings for others. "Lodolite" comes from the Greek language & means "muddy stone". These babies are mined in the famous Minas Gerais region of Brazil. They can also have smokey quartz, phantoms and rutilated quartz too in it as well.
